**EXMICROR®** as trade name.

**exMICROR®**  
Desinfección de origen natural

Has been registered with the U.S. Food and Drugs Administration, in compliance with the Bioterrorism Act of 2002. This registration or renewal of registration is effective on the date signed below by your designated U.S. Agent, ReguLAB, and will remain valid through the expiration date. ReguLAB will act as a U.S. based registrar agent for FDA Facility Registration number that has been assigned:

Met criteria as eligibility identity statement: [Code of  
Federal Regulations][Title 21, Volume 3]  
[Revised as of April 1, 2019][CITE: 21CFR170]

(o)  
(2) Antimicrobial agents : Substances used to preserve food by  
preventing growth of microorganisms and subsequent  
spoilage, including fungistats, mold and rope inhibitors, and  
the effects listed by the National Academy of Sciences  
National Research Council under "preservatives."

Direct food substances affirmed as generally recognized as safe. Subpart B. Listing of specific substances affirmed as GRAS. Considering that "GRAS" is an acronym for the phrase Generally Recognized As Safe. Under section 201(s) and 409 of the Federal Food, Drug, and Cosmetic Act (the FD&C Act), any substance that is intentionally added to food is a food additive, that is subject to premarket review and approval by FDA, unless the substance is generally recognized, among qualified experts, as having been adequately shown to be safe under the conditions of its intended use, or unless the use of the substance is otherwise excluded from the definition of a food additive.

With this certificate, the above mentioned firm is hereby registered with the U.S. Food and Drug Administration and registration is further verified by your designated U.S. Agent for the FDA or its trade name ReguLAB. While ReguLAB is not directly affiliated with the U.S. FDA, the U.S. Food and Drug Administration registration number listed above may be used for presentation purposes as per the stated firm, INDA COPYRIGHT ®
